How many times can a person
fall and get back up?
How many times can I make
the same mistake?
How many times have I cried the
tears of regret For You?
How many times can a person say I'm sorry?
Again and again and again and again
Oh when will I learn to say
I love You I need You
I can't do this alone without You?
Take me away so there is nothing of me left
Take me away, I pray
Cause it's a love dance tonight
That strange special feeling
That everything's gonna be alright
In this love dance tonight
So won't You come from where You are
So I can dance with You
This is all I am, this is all I have
Come and take a look come and be real
Don't hide Yourself let me know
Who You are, I am waiting for You
