Everybody lift your hands with me
Everybody won't you look and see
All the good that can be found
If we just open our eyes and look around
Everybody look up see the good in us
Everybody look down
See your troubles falling to the ground
Can you forget your troubles?
For just one day, just one day
It's amazing what a smile can do
To the way you see the world
Turn a little turn around
So you can see the sun
Won't you let go of it all
Cause today has just begun
Turn a little turn around
So you can see the sun
Shining down on you
