The bare embarrassed droplets
Clamour and contend
For the enveloping comfort of the pool below
The constant flow drummed a poignant rhythm
Into the hidden silence
The sound of innocent power
Of natural authority of defining strength
An inescapable descent
One droplet followed by another one
Dream with me won't You
Dance with me, fall with me
Fly with me
Let our journey be together
Our effect be true
It's a story yet untold
The adventure called me and you
Somewhere in the midst of falling water
A simple message of strength
On our own the effect is but a ripple
But partner us with others likewise designed
And the force is uncontendable, a beauty
Un-ignorable, a strength undeniable
The effect is now dominating
Magnetic and spectacular
Flow like a waterfall
Running through my soul
Don't let me ever stray
From the strength and grace
Of Your perfect way
Perpetuate this hope
That all the world may know
In You is life and truth
And it's dripping from You
