How to get to fivepoints
Make a wrong turn you'll know
If you're thinking of going
Think no more

Who's taking you down there
What's his name let me know
The price he offers
Around the corner of love

Halfway to Fivepoints
Is as far as you'll come
Halfway with high hopes
Of love

So be careful my love
Careful my girl
Be careful with love

How to get to Fivepoints! ?
How would I know?
A place so distant and
So long ago

Halfway to Fivepoints
Is as far as you'll come
Halfway with high hopes
Of love
