If I could turn the page
In time then I'd rearrange just a day or two
I couldn't find a way
So I settle for one day to believe in you

Tell me lies
Tell me sweet little lies
Oh no, no you can't disguise

Though I'm not making plans
I hope that you understand there's a reason why
No more broken hearts
Better off apart let's give it a try

Tell me lies
Tell me sweet little lies
Oh no, no, no you can't disguise

Tell me lies
Tell me sweet little lies

If I could turn the page
In time then I'd rearrange just a day or two
I couldn't find a way
So I settle for one day to believe in you

Tell me lies
Tell me sweet little lies
Tell me, tell me
Oh no, no you can't disguise
Can't disguise

Tell me lies
Tell me sweet little lies
Tell me lies
Tell me sweet little lies
