I've never felt so calm  
You would never upset me  
Or do me any harm  
I sense a lack of fear  
Ever since the day we moved here  
Nothing frightens me at all  
No one here falls in love  
I fall asleep on someone's arms  
Nights in Goodville  
Are to quiet and to calm  
Winds don't blow here  
But I will never be untrue  
No I swore to never leave you  
And I always keep my word  
And I never lose my way  
You know there's just one road for us to walk down  
Now let's see how far it goes  
I want to fall in love  
And maybe you're not the one  
But perhaps you could be  
But if loving you is hard

Please don't hate me  
Please don't hate me  
But the currant in this water  
Is not as rapid as the flood  
Of love when it washes over  
And one time I saw it coming  
But I was too afraid of letting go  
So I let it flow right pass me  
I think we fell in love  
Yes, I think you was the one  
But perhaps you could be  
But the nights here are so still

Not a whisper in Goodville  
Not a whisper in Goodville
