Sometimes I feel so lost and it's frightening  
This feeling of confusion inside  
Sometimes I feel my life is an endless why  
And I have to cry myself to sleep  
At night  
And it's killing me  
That I have to try to fill the gap inside of me  
With someone new  
I should have known  
That I would make a fool of myself  
'Cause after you, after you

I can't have nobody else touching me  
I can't have nobody else telling me "I love you"  
I can't have nobody else holding me  
I can't have nobody else telling me  
How much I need you baby

I'm still in love with you  
I'll always belong to you  
It seems like I only want to be  
With you, after you

I know that it's too late to be sorry  
I wish I could undo what I've done  
But deeds are not reversible  
Words are not revocable  
And there's nothing I can do to change  
Your mind  
And it's killing me  
That I had to blow it all away after all that we've  
Been through  
I should have known that  
I would make a fool of myself  
'Cause after you, after you

I can't have nobody else touching me  
I can't have nobody else telling me "I love you"  
I can't have nobody else holding me  
I can't have nobody else telling me  
How much I need you baby

I'm still in love with you  
I'll always belong to you  
It seems like I only want to be  
With you, after you

I'm telling you...

I can't have nobody else touching me  
I can't have nobody else telling me "I love you"  
I can't have nobody else holding me  
I can't have nobody else telling me  
How much I need you baby

I'm still in love with you  
I'll always belong to you  
It seems like I only want to be  
With you, after you
