Did I say that I want you ? Did I say I need you ?
Did I kiss you that night ? I don't remember who was
next to me
Boy you'd better watch your mouth, you always lied to
me
I'm not gonna trust you, life won't go easy
You said you were hanging out with your boyfriends
But I saw you walking in the crowded street
I knew that girl was my best friend, oh ! You can't hide
it from me

I want to take you to paradise, yes, you're so bright to
me
But it's too late to apologise
Shut your mouth and get your face out of here right
now
Baby you don't know where to hide
You'd better keep truth to yourself then I
I'm going to make you change your life

Don't throw yourself like that, I'll give you just one
chance
But I don't want to waste, oh ! I don't want to waste my
time
Time taught me to never stop, love taught me how to
kiss
Kiss taught me how to lie, boy, life is rounding and
rounding

I want to take you to paradise, yes, you're so bright to
me
But it's too late to apologise
Shut your mouth and get your face out of here right
now
Baby you don't know where to hide
You'd better keep truth to yourself then I
I'm going to make you change your life

Life is rounding, never stop and I know you're going to
lie to me
I don't give a shit and you have to shut your mouth or I

will be you

I want to take you to paradise, yes, you're so bright to
me

But it's too late to apologise

Shut your mouth and get your face out of here right
now

Baby you don't know where to hide

You'd better keep truth to yourself then I

I'm going to make you change your life

I want to take you to paradise, yes, you're so bright to
me

But it's too late to apologise

Shut your mouth and get your face out of here right
now

Baby you don't know where to hide

You'd better keep truth to yourself then I

I'm going to make you change your life.
