You don't wanna see my face again
You don't even wanna say my name
You don't wanna hear a word from me
There is nothing to explain

You will not forgive me
You will not forget
You believe that it's all over
You hate me, you hate me more and more

You say there's no fire burning in your heart
You don't need me it's over it's over
You don't feel no pain
There is nothing left
You don't love me it's over over

Lie lie lie lie say you lie
Lie lie lie lie lie
Lie lie lie lie say you lie
Lie lie lie lie lie

Say you think that what we had is through
It will never be the same again
And no matter what I say or do
It will never stop the rain

You will not forgive me
You will not forget
You believe that it's all over
You hate me, you hate me more and more

You say there's no fire burning in your heart
You don't need me it's over it's over
You don't feel no pain
There is nothing left
You don't love me it's over over

Lie lie lie lie say you lie
Lie lie lie lie lie
Lie lie lie lie say you lie
Lie lie lie lie lie
