[Verse #1]

Come run away  
So far away  
Let's go find a place  
No one knows where we are

[Pre-Chorus]

Keep it simple, baby  
Don't make any rules  
Just me and you  
Just me and you

[Chorus]

Let's hit the road cos it don't matter  
No, boy, doesn't matter  
What my heart already knows  
Just hit the road cos it don't matter  
Trust, boy, it's all that matters  
Just as long as I'm alone  
With you  
I'm already home

[Verse #2]

Come find a space  
Close our eyes, never leave  
Babe, don't know how I feel  
Baby, about ya, oh, no, oh, no

[Pre-Chorus]

Keep it simple, baby  
Don't make any rules  
Just me and you  
Just me and you

[Chorus]

Let's hit the road cos it don't matter  
No, boy, doesn't matter  
What my heart already knows ('Ready knows)  
Just hit the road cos it don't matter  
Trust, boy, it's all that matters  
Just as long as I'm alone (I'm alone)

With you

[Bridge]

(Nobody's gonna play around with this love)

Boy, you know

(Don't doubt it, baby, you and I know this much)

It's all I need to say

(Don't even worry about something they can't touch)

Cos my heart skips a beat, boy

Telling me you're the one

[Chorus]

Let's hit the road cos it don't matter

No, boy, doesn't matter

What my heart already knows ('Ready knows)

Just hit the road cos it don't matter

Trust, boy, that's all that matters

Just as long as I'm alone (I'm alone)

[Chorus]

Let's hit the road cos it don't matter

No, boy, doesn't matter

What my heart already knows ('Ready knows)

Just hit the road cos it don't matter

Trust, boy, that's all that matters

Just as long as I'm alone (I'm alone)

With you

I'm already home
