[Verse #1]

You keep on saying you want it all  
I don't know if I believe it  
Cos if I give you everything  
Tell me will you receive it

[Pre-Chorus]

I got to know, are you for real  
Have you got something I can feel  
Cos if you choose to hesitate  
No, I'm not staying  
I've got to move on, yeah

[Chorus]

I just keep on movin' on  
I just keep on movin' on, yeah  
I just keep on movin' on

[Verse #2]

Life is precious, life is short  
Now I've got to know who you are  
Are you my baby, baby, darling  
Will you be my star and

[Pre-Chorus]

I have to know is this for certain  
I can't afford to waste my time  
And I have been through too much hurting  
So if you're not sure  
I gotta move on

[Chorus]

I just keep on movin' on, yeah  
I just keep on movin' on  
I just keep on movin' on, yeah

[Instrumental]

[Pre-Chorus]

And I have to know is this for certain  
I can't afford to waste my time
