Ooh, hey, no, baby

[Verse #1]

When we were in love, every day felt like the summer
Couldn't get enough of your touch, thought we'd be
forever

Baby, why has it all changed, you ain't treating me the
same

When you call my name, I will come out running
Anything for you, babe, and now I won't do nothing
Why no more you hold my hand, why this happen to my
man

I don't know what to do, don't understand

[Pre-Chorus]

Someone tell me how
It got this way
Don't wanna leave
But cannot stay

[Chorus]

Remember life was better
Happy days spent with each other
Is it ending
Are we pretending love is here
Can we go back to the days
When we were in love

[Verse #2]

Now I can't tell you why I'm getting under the weather
You ain't been making me smile, we ain't been in it
together

I hope that we can make a change, don't wanna lose
you, babe

I don't know what to do, is it too late

[Pre-Chorus]

Someone tell me who
Can guide my heart
To stay or go
And break apart

[Chorus]
Remember life was better
Happy days spent with each other
Is it ending
Are we pretending love is here
Can we go back to the days
When we were in love, oh
When we were in love, no (When we were in love)

[Pre-Chorus]
Someone tell me who
Can guide my heart
To stay or go
Or break apart

[Chorus]
Remember life was better (Baby)
Happy days spent with each other (Ooh)
Is it ending
Are we pretending love is here
Can we go back to the days
When we were in love (Love---)

[Chorus]
Remember life was better (Ooh, yeah)
Happy days spent with each other (Each other)
Is it ending
Are we pretending love is here
Can we go back to the days
When we were in love

[Backing Vocals]
Ooh, ah, ooh, ah, ooh
Ooh, ah, ooh, ah, ooh
