My baby he don't play
Games that I don't wanna play no
He likes to kick back
Let me have things my way oh

Oh my god
Touching my skin and I go weak
Oh my god
Touching my face now I can't
Sleep

Baby don't change
Baby don't change
Baby don't change for me
I like you this way
I like you the way
I like you the way
You were
When you met me

My baby he don't do
Things that I don't wanna do no
He's always kissing me
Cooking for two oh

Oh my god
Touching my skin and I can't speak
Oh my god
Touching my face now I can't
Sleep

Baby don't change
Baby don't change
Baby don't change for me
I like you this way
I like you the way
I like you the way
You were
When you met me

Baby don't change
Baby don't change
Baby don't change for me
I like you this way
I like you the way
I like you the way
You were
When you met me
