It started out great
We were staying up late
Hanging out in the park till two
Then you met your boyfriend
Left all of your girlfriends
Everybody's talking bout you

Hey Celia
Hey Celia
Hey Celia
Hey Celia

Since the whole big showdown
I've been on the low-down
We used to have our time too
Oh but you're hanging out with his friends
Bagging all your girlfriends
Crying when he doesn't call you

I've been putting in good words for ya
But everybody's talking 'bout ya
Girl I don't know what we're gonna do
They've written on all the bus stop windows
Caught you on video
They've got some new names for you...

Hey Celia
Hey Celia
Hey Celia
Hey Celia

This used to be our town
Now it's just a ghost town
With no one and nothing to do
You're messing with your girlfriends
Chasing all their boyfriends
Hey girl what's happened to you

Hey Celia
Hey Celia
Hey Celia
Hey Celia

Oh I've been putting in good words for ya
But everybody's out to get ya

Girl I don't know what we're gonna do
They've written on all the bus stop windows
Caught you on video
They've got some new names for you

Oh I'm calling on the phone (Hey Celia)
And it says you're not at home
When I know you're up there crying and blue
Oh don't feel you don't belong (Hey Celia)
Keep your head up and be strong
Girl I'll always be here waiting for you

Hey Celia, hey Celia, Celia
Uh uh uh uh uh uh uh uh uh uh oh.
