[Verse 1]

Make me breathe, make me believe
Cut me down so I found how to deceive
The ground shakes and the earth quakes
And I'm awake

[Chorus]

Watch my silver friend
Fall from my fingers and onto my skin
Watch my silver friend
Fall from my fingers and onto my skin
To my skin
To my skin

[Verse 2]

Oh, happiness seemed so true
My body screamed, it screamed for you
The ground would shake, the earth did quake
And I would wait, would wait for you

[Chorus]

Watch my silver friend
Fall from my fingers and onto my skin
Watch my silver friend
Fall from my fingers and onto my skin
To my skin
To my skin

[Verse 3]

Silver falls from my eyes
As do these hands of mine
Every breath goes astray
And in my mind, games would play

[Chorus]

Watch my silver friend
Fall from my fingers and onto my skin
Watch my silver friend
Fall from my fingers and onto my skin
To my skin
To my skin

Oh

[Bridge]

Oh, I'm falling, I'm falling now
Please help me cos I'm falling now
Little sister, please close your eyes
Cos I'll, I'll see you in your dreams, sweet child
Oh, I'm falling straight to the ground
Cos I, oh, I loved you and I love you now

[Chorus]

Watch my silver friend
Fall from my fingers and onto my skin
Watch my silver friend
Fall from my fingers and onto my skin
To my skin
To my skin
