Can somebody show me
How to live that way?
'Cause it's easy
To hide your face
When everyone looks the same
Simply living
Color coded
Now that I match your look
Can everything be OK?

And I don't wanna fade away
Let the days go so quickly
And I don't wanna fade away
Let the days go so quickly

'Cause this night is for the chances
So dance around the crashes
Just to survive, to survive
'Cause these wounds will hide and
Blood will dry
But, Baby, we're still alive
Tonight

I don't wanna fade away
Like the songs in sad stories
Something to lose
And angels and demons
Have nothin' left to prove

Well, I don't wanna fade away
Let the days go quickly
And I don't wanna fade away

Let the days go so quickly

'Cause this night is for the chances
So dance around the crashes
Just to survive, to survive
'Cause these wounds will hide
And blood will dry
But, Baby, we're still alive
Tonight

I wanna wake up
I wanna wake up
I wanna wake up now

And I don't wanna fade away
Let the days go so quickly
'Cause this night is for the chances
So dance around the crashes
Just to survive, to survive
'Cause these wounds will hide
And blood will dry
But, Baby, we're still alive
Tonight

I don't wanna fade away
Let the days go so quickly
I don't wanna fade away
Let the days go so quickly
