Left your t-shirt in my room  
Still smells of you  
And the picture you hung on the door  
Lay smashed and picture perfect  
Explains now  
Clearly, nothing left but a memory  
We only made out  
You never kissed me  
That's how I learned to hold back all feeling

Wait, please don't go  
I won't stay  
All these words on replay  
I'm okay  
It's alright  
Good to know that you're fine

Pretending everything is right to make it better  
I'll hide my make-up smearred eyes  
To show that I'm fine

Somehow you have managed to get under my skin  
More than anyone ever did  
And if every hole makes a scar  
And every scar marks it's place  
Then I will never live freely without your trace  
And it'll never be fair  
I wrote my songs for you and you never even cared  
So I'll forget you  
I'll wash your t-shirt  
And kill the pillow and  
Cut you out of pictures

Wait, please don't go  
I won't stay  
All these words on replay  
I'm okay  
It's all right  
Good to know that you're fine

Pretending everything is right to make it better  
I'll hide my make-up smearred eyes

This drama sat shotgun  
My eyes rain like autumn  
Only the glove box knows  
How the story goes

Now that this bandage is broken  
And the cut's left and open  
Tell ya just one thing, this wasn't worth the sting

This drama sat shotgun  
My eyes rain like autumn  
Only the glove box knows  
How the story goes

Now that this bandage is broken  
And the cut's left and open  
Tell ya just one thing, this wasn't worth the sting

Oh, this drama sat shotgun  
My eyes rain like autumn  
Only the glove box knows  
How the story goes  
Now that this bandage is broken  
And the cut's left and open  
Tell ya just one thing, this wasn't worth the sting
