Youve got me where you want me
Falling on the ground
I hold you in the highest place
So Im getting out

Cause youve got me so strung out
When youll even come around
Yeah, how am I supposed to breathe?
The more I live its killing me
But now Ive begun to see
Every time you leave

This is the last time
This is the last fight
Sunsets to sunrise
This is my goodbye
From morning to midnight
With or without you
This is my goodbye

You were trouble since the day we met
I can see that now
I take back everything I said
Everything till now

Cause you ve got me so strung out
When you ll even come around
How am I supposed to breathe?

The more I live its killing me
But now I've begun to see
Every time you leave

This is the last time
This is the last fight
Sunsets to sunrise
This is my goodbye
From morning to midnight
With or without you
This is my goodbye

Im writing you out

Im crossing my Ts
And I want back the necklace
That I said you could keep
You miscomprehend
I'll scorn you to death
And my words are as strong as my last gasp for breath

This is the last time
This is the last fight
Sunsets to sunrise
This is my goodbye
From morning to midnight
With or without you
This is my goodbye
