Gently your fingers are gliding like sunshine
Across eternal ice - they melt my cares away
You're painting rainbows into desert sand
Wild flowers swaying softly under your hand

All that I wanna do
Baby's curl in your love
Smile some sunshine on you
All that I wanna do
Is making love to you

Pull down a fortress with a breath of a touch
Sometimes it hurts but it never hurts too much
Through canyons and valleys, you're winding your way
Leaving no trace of yesterday

All that I wanna do
Baby's curl in your love
Smile some sunshine on you
All that I wanna do
Is making love to you

There are fields of sunflowers caressed by a breeze
They move in your rhythm turn their heads if you
please
And you tamed the ocean by a sole command
And I flow without motion no beginning no end

All that I wanna do...
