Funny but I've watched her for so long
We have never shared a word
Her eyes never lift from the sidewalk
Long enough for me to say
You touch me so.
I feel your soul
And from my mother's blood
And my father's influence
I turn inside myself
And there is someone
The secret of a thousand souls
Funny but she only caught my eye
We had never shared a word
Her walk was tired and lonely
Reflection of a hundred years
I feel her soul. I know her soul
And from my mother's blood
And my father's influence
I turn inside myself
And there is someone
The secret of a thousand souls
Ain't it funny how you never met
And yet you feel them
Ain't it funny how you never spoke
And yet you know them
Mold a miracle and no mistake is made
In every day the wise and joyful pulse is
Passed through life
The secret of a thousand souls
