How many roads must a girl walk on  
And how many days must she spend hanging round  
And I want you to be with me can't you see  
So what would you do if you were me

How many roads must a girl walk on  
Cause I want you  
And how many days must she spend hanging round  
Cause I want you  
And I want you to be with me can't you see  
Do you want me too  
So what would you do if you were me

Like the stars need the night  
Like the flowers need the rain  
I had a vision in my latest dream  
And since that day I'm on my way  
Endless days are left behind  
And I try to find you  
Find out what's behind your mask  
That's why I ask I need to know

How many roads must a girl walk on  
Cause I want you  
And how many days must she spend hanging round  
Cause I want you  
And I want you to be with me can't you see  
Do you want me too  
So what would you do if you were me

At night I dream that you're with me  
And when I wake up it's me all alone  
I wish I could see through you  
Could see with your eyes  
And find out what's behind your mask  
that's's why I have to ask

How many roads must a girl walk on...
