I have always dreamed of this  
I'll admit that there was something I missed  
Wondering if it is for real  
Every mistake every wrong turn  
Everytime i lost my way  
Led me to this  
Moment of bliss tonight

With you, finally I can break free  
With you, it's all changing in my destiny  
Dream come true, it's so funny now that I see  
How different life turned out to be

You were always by my side  
That you believed in me was enough reason why  
I didn't stop, didn't give up  
Even if i sometimes lost hope

I did my best, and I am blessed  
In life

With you, finally I can break free  
With you, it's all changing in my destiny dream come  
true, it's so funny now that I see  
How different life turned out to be yeah

Can I get any higher  
Tell me  
Does it get any stronger  
I owe it to you  
That I made it through  
I never could have done it without you

With you.... yeah.... I can break free yeah

It's all changing in my destiny  
Dream come true, it's so funny now that I see  
How different life turned out to be.

(2x)

I've realized that it's my destiny
