I want what I can't have
But I'm set to win
There's a rumour that tells me of him
I try to uncover the truth
Without luck
I'm looking to find traces
I've searched in a million places
Despite the inevitable grief
I still put my trust in my beliefs
And I am waiting for the arrow
Waiting for the weapond sent
To take away my sorrow
Piercing through my pain
And I am praing for tomorrow
That love will find a way to me
Love will come to me
I sure feel like settlig and my fears
But not turn my needs into tears

I'm patient but time's slipping away
I need to find love
I need for it to stay
And I am waiting for the arrow
Waiting for the weapon sent
To take away my sorrow
Piercing through my pain
And I am praing for tomorrow
That love will find a way to me
Love will come to me
Love will find a way to me
Come to me
And I am waiting for the arrow
Waiting for the weapond sent
To take away my sorrow
Piercing through my pain
And I am praing for tomorrow
That love will find a way to me
Love will come to me
