So you drift away into a daydream
You're so far away, you'll never come back it seems
What's it like in the eye of a storm
Trying to keep yourself warm
Didn't you, couldn't you, or wouldn't you see
That there is no such thing as a perfect world
And your fairytale's come to an end
Now you are falling, you are falling
You are calling my name out loud
And you are screaming
'cause you're dreaming of what never can be
And your world crashed down, and for a moment
You opened your eyes and suddenly there was no
place to hide
But you're building your walls again
You won't let no one in

Didn't you, wouldn't you, or couldn't you see
That with no guarantees of a happy ending
You will only reep what you saw
Now you are falling, you are falling
You are calling my name out loud
And you are screaming, screaming
'cause you are dreaming of what never can be
Wish I held the key, and I knew what to say
Wish that you would see what is clear to me
But you're building your walls again
You won't let no one in
Didn't you, wouldn't you, or couldn't you see
That there is no such thing as a perfect world
And your fairytale's come to an end
