Praying for that time to come
When I play for everyone and.
Any night and any day
You are not so far away and...
Like a bound inside of me
Mighty spirits come to see me
Throwing parties everywhere
When this joy ther's no despair cause.
Peoples plegde the love to freedom
In the line of endless agony
And on corners peoples are crying
For the questions any awnser to be
And as the shadows are fading
All the awnsers came to me..
Cause.

I need to know, I need to know
I need to know it's way to go
I need to know , I need to know
I need to know when time will come
I need to know when time will come
Looking at the ending road,
And the all the size it crowd on..
See the terror in their eyes..
As the lacking minute flies cause
They have lost their preasure minds

In a place where surgents find is..
No longer words of fate
If they have lost their fate cause....
They need to know , they need to know
They need to know it's way to go
They need to know, they need to know
They need to know when time will come..
When time will come....
Oh when time will come..
'Cause ..

I need to know, I need to know
I need to know it's way to go
I need to know , I need to know
I need to know when time will come
(When the time will come)
I need to know , I need to know

(When the time will come)
I need to know it's way to go
(When the time will come)
I need to know, I need to know..
I need to know when time will come
I need to know when time will come..
I need to know when time will come..
