This was really not the way that you had in mind
Though you know they say that love is hard to find
It's a complicated road, but if you dare to walk
You will find a light within the crowd.
So you say
Stay with me, I won't let go of you
I'll pray for you if you just give me one more try
Sure I'll show you why
You know how much I need you
I know you need me too
It's the lesson of a life if you lose your greatest fight
It's hard to know if you should try again or if you should
let go

You have one dream, American, you know there is the
happy end
And though it's a dream to you it seems like on you can
defend
So you say
Stay with me, I won't let go of you
I'll pray for you if you just give me one more try
Sure I'll show you why
You know how much I need you
I know you need me too
If you knew all the right answers
You wouldn't ask any questions at all
But you know for a fact
You don't know how to act
How to make me fall
