I know that you don't wanna tell me exactly how you  
feel  
Maybe it scares you to admit if your feelings are for  
real  
Sometimes I wish I could force you into love  
This uncertainty is killing me  
Wish you could make me believe that we are meant to  
be  
'Cause tonight I gave you more than I have ever given  
To anyone before  
And although it feels so right  
Still I'm feeling frightened  
That you might just turn and walk away  
I know that you don't wanna tell me the things I wanna  
hear

Maybe I ask too much of you, maybe I'm too blind to  
see  
I'll do whatever it takes to convince you  
That I will lighten up your way  
I'll make your day a brighter day if you only dare to  
stay  
'Cause tonight I gave you more than I have ver given  
To anyone before  
And although it feels so right  
Still I'm feeling frightened  
That you might just turn and walk away  
Stay, please don't walk away, I need you closer  
Stay, please don't walk away
