When you close your eyes to kiss her
Do you think of me
When your arms reach out to hold her
Do you think of me
When you tell her that you love her
Do the words come easily
Or do you find it was
Because you're thinking of me

When you wake and you're beside her
Do you think of me
When you're wondering what to buy her
Do you think of me
When you plan your lives together
Does it feel like it should be
Or is something wrong

Because you're thinking of me

When you dream your dreams at night
Do you still see my face
Do you slip sometimes
And call out my name by mistake
Do you sit like me and wonder
If it is too late to begin again
Living a love that won't end

When she tells you that she loves you
Do your eyes tear happily
Or do you find you cry
Because you're thinking of me
Or do you find you cry
Because you're thinking of me
