How many times have you let me down
You never stay when you come around
I see no reason why you have to slip away

Come on in while I pour the wine
We'll drink it slow and take our time
No need to hurry
You don't have to slip away

I like the drawn out test to test
I like my feet right on the ground
I take a long time getting on to matters close at hand
Why don't you stick around

Why don't you why don't you stick around
I said now why don't you why don't you stick around
I see no reason why should have to slip away

The time is ours so we'll raise a glass
Here we are alone at last

Don't have to worry
I won't let you get away

I like the drawn out test to test
I like my feet right on the ground
I take a long time getting on to matters close at hand
Why don't you stick around

Why don't you why don't you stick around
I said now why don't you why don't you stick around
Why don't you why don't you stick around
I said now why don't you why don't you stick around
Oh hoo hoo
I see no reason why you have to slip away

Why don't you why don't you stick around
I said now why don't you why don't you stick around
Oh hoo hoo
I see no reason why you have to slip away
Why don't you why don't you stick around
I said now why don't you why don't you
