(You and Me)

Up until now I've learned to live without love  
Like a ship without a sail, wandering aimlessly lost  
I never knew how it felt to lose my control  
Now that I've found you, this is all so new

You and me, we've got a destiny  
Starting tonight we'll be together  
You and me, this is what love should be  
And it's gonna be right, now and forever

Darlin', inside your eyes I can see mysteries there  
And you're melting the ice surrounding me, I'm no  
longer scared  
I feel you inside my soul and I'm captured tonight  
But don't let go, this is paradise

You and me, we've got a destiny  
Starting tonight we'll be together  
You and me, this is what love should be  
And it's gonna be right, if you tell me  
There's a heaven up above, then that's what I'll believe  
'cause you're the one thing that I'm so sure of

I feel you inside my soul and I'm captive tonight  
But don't let go, this is paradise

You and me, we've got a destiny  
Starting tonight we'll be together  
You and me, this is what love should be  
And it's gonna be right, now and forever

You and me, we've got a destiny  
Starting tonight we'll be together  
You and me, this is what love should be  
And it's gonna be right

Woo ooh-ooh-ooh-ooh-ooh
