Through each life time, run rivers to cross
But what if there's no lifeline and you're sinking or lost
Just believe in your direction, and let your heart explore
'Cause you can't reach new horizons standing on the
shore

And there are mountains, we need to climb
But the mountains standing in our way are only in our
minds
And the risk of going nowhere is the greatest risk of all
So just listen to the voice that says, 'I'll catch you if you
fall'

On the other side of doubt is faith
On the other side of pain lies strength
The journey may seem endless when you know the
road is rough
But on the other side of fear is love

For such a long time, I put my dreams aside
The tides of change felt dangerous, the mountains
seemed too high
But my dreams were slowly fading as time went quickly
by
So I took a breath with every step never knowing I
would find

On the other side of doubt is faith
On the other side of pain lies strength
The journey may seem endless when you know the
road is rough
But on the other side of fear is love

On the other side of doubt is faith
On the other side of pain lies strength
The journey may seem endless when you know the
road is rough
And on the other side of fear is love
On the other side of fear is love
