Close your eyes
It's time to dream
Of all the places that you've never seen
You can walk and you can fly
Through the walls and over the sky

Sleepy time baby
Now lay down your head
'Cause if you're off to dreamland
You've got to get to bed

Move a tree or grow a flower
Build a castle just wherever you are
Make it all happen whatever you think
Just like magic you can do it in a wink

Sleepy time baby
Now lay down your head
'Cause if you're off to dreamland
You've got to get to bed

You can be whatever you want
As tall as a giant or as small as a ant
Your favourite hero will be your best friend
And anything that you want is at your command

Sleepy time baby
Now lay down your head
'Cause if you're off to dreamland
You've got to get to bed

Sleepy time baby
Now lay down your head
'Cause if you're off to dreamland
You've got to get to bed

Sleepy time baby
Now lay down your head
'Cause if you're off to dreamland
You've got to get to bed
