I disappointed you  
By sayin' things I never meant to say  
Now after all this time  
You say you wanna throw our love away

Let's pack our troubles off to bed  
Forget those awful things we said  
We'll try to sleep instead  
We can talk it over in the mornin'

Without you by my side  
The sun might never rise  
Butterflies and bees might give up flyin'

Without your lovin' touch  
The world won't be the same  
All the birds that sing  
Might end up cryin'

I think I've seen the light  
Adn baby I admit that I was wrong  
You know what's best for me  
Your lovin' has a way that makes me strong

That kind of magic can't be taught  
This kind of lovin' can't be bought  
Just save the dream and babe, we ought to  
Talk it over in the morning

Without you by my side  
The sun might fail to rise  
Butterflies and bees might give up flyin'

Without your lovin' touch  
The world won't be the same  
All the birds that sing  
Might end up cryin'

Without you by my side  
The sun might fail to rise  
Butterflies and bees might give up flyin'

Without your lovin' touch  
The world won't be the same  
All the birds that sing  
Might end up cryin'
