Did you say (that) I've got a lot to learn, well don't think
I'm
Trying not to learn
Since this is the perfect spot to learn, teach me tonight
Starting with the ABC of it, getting right down to the
XYZ of
It
Help me solve the mystery of it, teach me tonight
The sky's a blackboard high above you, and if a
shooting star
Goes by
I'll use that star to write "I love you", a thousand times
Across the sky
One thing isn't very clear my love, teachers shouldn't
stand so
Near my love
Graduation's almost here my love, you'd better teach
me
Tonight
I've played love scenes in a flick or two, and I've also
met a

Chick or two
But I still can learn a trick or two, hey teach me tonight
I who thought I knew the score of it, kind of think I
should
Know much more of it
Off the wall, the bed, the floor of it, hey teach me
tonight
The midnight hours come slowly creeping when there's
no one
There but you
There must be more to life than sleeping single in a
bed for
Two
What I need most is post graduate, what I feel is hard
to
Articulate
If you want me to matriculate, you'd better teach me
tonight
What do you get for lessons, teach me - come on and

teach me -
Teach me tonight
