We all pull the load
We all pull the load
We gotta get up early in the morning
'Cause we all pull the load

Well, you can find you a world full of bother
And talking to your good neighbor
'Cause he ain't interested in favors
No, in the road that he's gotta hold

Oh well, the world outside is vicious
'Cause life's been canning his hopes and wishes
But still he's got ambition, yeah
In the life that he wants to own

We all pull the load
We all pull the load
We gotta get up early in the morning
'Cause we all pull the load

Preacher shouts out the answer
The congregation looks for the problem
Every man born has got 'em
But he just wants to go home

Moses said to Jesus

Go ahead and walk on water
We'll do like we ought to Lord
And sit back in the row

We all pull the load
We all pull the load
We gotta get up early in the morning
'Cause we all pull the load

God's got time to look down
There's plenty of him to go around
He's gotta have a place to sit down
So save a little room in your soul

We all pull the load

We all pull the load
We gotta get up early in the morning
'Cause we all pull the load

We all pull the load
We all pull the load
We gotta get up early in the morning
'Cause we all pull the load

We all pull the load
We all pull the load
We gotta get up early in the morning
'Cause we all pull the load
