You've been moody and distracted
But I've never seen you like you are-are today-ay
My love, you're so very far away
And I can't get inside you
I cannot get to where the secret lie-ies
Past those shadows in your eyes

Where do you go when you dream
And is there someone with you
And what do you do
You don't do with me
Where do you go when you dream
Is the morning as beautiful there
As when you share a dream wi-ith me
How could it ever be-ee

But tell me how to bring you back
Should I be distant too-oo
Oh no, I couldn't be that way with you
You know you can be honest
If there's something wrong then te-ell me so-o
But darlin' I just need to know

Where do you go when you dream
And is there someone with you
And what do you do
You don't do with me
Where do you go when you dream
Is the morning as beautiful there
As when you share a dream wi-ith me

Where do you go when you dream
And is there someone with you
And what do you do
You don't do with me
Where do you go when you dream
Is the morning as beautiful there
As when you share a dream wi-ith me [fade]
