Don't it make life just a little more special
Knowing you've have someone who cares
You won't ever have to be lonely
You'll always have somebody there.

Don't it make everything a little bit easier
Knowin' you have someone like me
A hand to take you to the light
when it gets a little bit too dark to see.

That's me, I like to stop and remind you
You've got me to hold on to
Yeah, you've got me to hold on to.

Yes and don't it make every chance worth taking
Even when you try and fail
Don't it make all the pain worth aching
Look around and find somebody there.

Don't it make it all seeme a little bit easier
Knowing that I'll always be
There to take you to the light
When it gets a little bit dark to see.

That's me, I like to stop and remind you
You've got me to hold on to
Yeah, you've got me to hold on to
And I've got you, and I've got you.

High and low, happy or sad
You know I'm gonna be right there
Sharin' your smiles dryin' your eyes
Anytime and anywhere.

Cause you've got me to hold on to
You've got me to hold on to
Yeah, you've got me to hold on to.

You've got me to hold on to
You've got me to hold on to...
