You, I know you're everything  
That I've been looking for  
And I, I look into your eyes  
And could not ask for more  
So it's only fair to lay it on the line  
Hold on, I'm gonna need a little time

But if I ever fall in love again  
Sometimes when this broken heart can mend  
I know it's gonna be with you  
You're the one to pull me through  
Though I don't know when  
If I ever fall in love again

Scared, I guess I'm scared to fly  
It's such a long way down  
And yet, if you'd just trust in me  
I'm sure, I'd come around  
And I know when you're hurt, it's hard to let someone  
inside  
In your arms I feel I'm ready now to try

So if I ever fall in love again  
Sometimes when this broken heart can mend  
I know it's gonna be with you  
You're the one to pull me through  
Though I don't know when  
If I ever fall in love again

I'd be a fool to ever let you go  
You're the best thing in my life  
When I know I've gotta take it slow

I know it's gonna be with you  
You're the one to pull me through  
Though I don't know when  
If I ever fall in love again
