#### **"I Can't Imagine"**

(with Lauren Kennedy, Sarah Stiles)

I cant stand the idea of a new school with new people  
What if they all hate us  
I'd die  
What if gary jim and ted dont wanna go with us  
I would just die  
What if we fdont get in the same sorority  
Oh my god I would really die

Since we started senior year  
Theres one thing on my mind  
What happens when the tree of us leave high school far  
behind

What if I dont get admited but both of you do  
What if all the got left is a dorm room for two  
I would not get by no I think I would die  
If I cant share collage with you  
I cant imagine I cant imagine  
Not having both of you there at my side  
I cant imagine no I cant imagine  
Not being with you the rest of the ride  
Yes I know I still have ted whos in my head and heart  
But you are the most important thing in my life  
I cant imagine us ever being apart

Maybe jim and I will live together  
You cant do that its not right  
Besides the collage wont let you  
Freshman stay in the dorm  
We got to have a plan  
So much to think about sororities our boyfriends

One thing just occured to me  
That fills me up with fear  
What happens if that brend up there is still around next  
year  
What if every girl is pretty and looks like a star  
What if every girl has money and drives her own car  
Can we play the game when its not the same as it is

right here where we are

I cant imagine I cant imagine  
Not being popular part of that group  
I cant imagine no I cant imagine  
People wont love us whatever we do

All life long we've been adored  
Which makes me sort of proud  
Cause that is the most important thing in this life  
I cant imagine us being one of the crowd

Right now we're fine right here we're great  
Our world is how its supposed to be  
I keep in line my path is straight  
As I hold both of you close to me

Hurrying into the future  
But not letting go of the past  
Taking account of what matters and making it last

imagine where we are  
imagine what comes next

I cant imagine uh huh I cant imagine  
Everythings perfect the way it is here  
I cant imagine no I cant imagine  
how we will be In a year next year  
Who we are the things we do  
Took four years to maintain  
Now this is the most important time in my life  
I cant imagine oh I cant imagine  
I cant imagine why it should change
