How could you know that behind my eyes a sad girl
cried

And how could you know that I hurt so much inside
How could you know that I'm not the average girl
I'm carrying the weight of the world, yeah
So can you get me out of here

Take me away
We'll jump in the car drive 'til the gas runs out
And we'll walk so far
That we can't see this place anymore
Take a day off
Give it a rest
So I can forget about this mess
If I lighten up a little bit
Then I will be over it

I'm playing the role of the happy girl
But no one knows
Inside I'm alone
But I would never let it show (never let it show)
I dread everyday
Too much work and not enough play
Over and over it's always the same, yeah

But you can make everything okay
Take me away
We'll jump in the car drive 'til the gas runs out
And we'll walk so far
That we can't see this place anymore
Take a day off
Give it a rest
So I can forget about this mess
If I lighten up a little bit
Then I will be over it
Over it

And when the world is closing in
I can leave it all and just walk away
I can always start all over again
I am closer to a better day...

Take me away
We'll jump in the car drive 'til the gas runs out
And we'll walk so far
That we can't see this place anymore
Take a day off
Give it a rest
So I can forget about this mess
If I lighten up a little bit
Then I will be

Take me away (x3)
Jump in the car drive 'til the gas runs out
And we'll walk so far
That we can't see this place anymore
Take a day off
Give it a rest
So I can forget about this mess
If I lighten up a little bit
Then I will be
If I lighten up a little bit
Then I will be
Over it
Over it

I am over it
(Over it)
