I'm an 8 year old girl in an 8 year old town  
Livin' on the streets of Hollingsworth bay  
I'm an orphan with no life

Many of my friends are just like me  
But they've got some lives  
(Bridge)  
I've tried to change so many times  
But it ain't working out so well  
And I've relised  
(Chorus)  
This is my destiny I'm not gonna  
Change I'm gonna be like this forever  
This is my destiny I'm gonna stay like this all  
The time

It's been five years and I'm still  
Needin' money, a house, and a family  
I want a warm bed

My friends have all moved away  
And now thier huge stars  
(Bridge)  
I've tried to change so many times  
But it ain't workin' out so well  
And I've relised  
(Chorus)  
This is my destiny I'm not gonna  
Change I'm gonna be like this forever  
This is my destiny I'm gonna stay like this all  
The time

I barely have any food and my pockets are empty  
I wanna change but I know

(Chorus)  
This is my desiny I'm not gonna  
Change I'm gonna be like this forever  
This is my destiny I'm gonna stay like this all  
The time
