All my trials and tribulations
Have led me to one realization
That no matter where I've been
I'm still stuck inside my skin

And I'm not trying to be something I'm not
Letting their thoughts get in ?cause I
Won't end up twisted and insane

All those fears and reservations
Ended up as amputations
'Cause no matter where I've been
I'm still stuck inside my skin

And I'm not trying to be something I'm not
Letting their thoughts get in ?cause I
Won't end up twisted and insane

And I'm not trying to be something I'm not
Letting their thoughts get in ?cause I
Won't end up twisted and insane

And all my insecurities and my anxieties
Tore out my insides
And it took a while to find that I don't really mind
Life on the outside

So take up your aim and raise your rifles
Fire away
?Cause I don't really care at all

And I'm not trying to be something I'm not
Letting their thoughts get in ?cause I
Won't end up twisted and insane

And I'm not trying to be something I'm not
Letting their thoughts get in ?cause I
Won't end up twisted and insane
