If there's a light, leave it on  
If there's a way  
Somehow thin air's taking your place  
Dead of the night's coming on  
It's getting late  
I hear my heart starting to break

And I'll wait for you  
Faith is just a promise I will make for you  
Places that are haunted, I'll be there

I walked for miles, on and on  
Searching in vain  
A voice in the dark calling your name  
I dreamt walls of fire rising up  
Stood in the way  
Tempered my soul walking through flames

And I'll wait for you  
Faith is just a promise I will make for you  
Places that are haunted, I will wait for you  
Faith is just a promise I will make for you  
Places that are haunted, I'll be there

I wanted to believe  
(I wanted to believe)  
In more than I can see  
(In more than I can see)  
Each breath I take  
(Each breath I take)  
I'll leave my faith  
Waiting to come down

If there's a light, leave it on  
If there's a light  
If there's a light, leave it on  
If there's a light!

And I'll wait for you  
Faith is just a promise I will make for you  
Places that are haunted, I will wait for you  
Faith is just a promise I will make for you

And greed is always honest, I will wait for you...
