First name initial

First name initial

First name initial

Ooh, ooh, ooh-ooh

I wear a first name initial, a great big initial

On a chain ev'rywhere I go

It's your first name initial, a great big initial

Engraving don't you know (don'tcha know)

And I wear it to

Show I belong to you

Just you

I love my first name initial, it makes it official

That you're my steady boy

It's your first name initial, a great big initial

Befits my pride and joy (pride and joy)

'cause it's a symbol of

My everlasting love

For you

I wear it at the soda shop, wear it at the record hop

Ridin to a movie in your jeep (yeah-yeah, yeah-yeah)

I wear it when I go to gym, wear it when I take a swim

I even wear it when I slee-ee-ee-eep

I wear your first name initial, a great big initial

And though it's your first name

I wish your last name initial and my last initial

Will one day be the same

So ev'ryone can see

That you belong to me

Just me (tood-a-loop, tood-a-loop, tood-a-loop)

I wear it at the soda shop, wear it at the record hop

Ridin to a movie in your jeep (tood-a-loop, tood-a-loop,
tood-a-loop)
I wear it when I go to gym, wear it when I take a swim
I even wear it when I slee-ee-ee-eeep

I wear your first name initial, a great big initial
And though it's your first name
I wish your last name initial and my last initial
Will one day be the same
So ev'ryone can see
That you belong to me
Just me

First name initial
First name initial
First name initial
Ooh, ooh, ooh-ooh
