Christmas comes but once a year  
Why am I so blue  
Then I quiet sot view  
Cause me too hoping tree chmis  
I only memorizing my mine  
Heart knowing true  
Feeling you were part of you  
Sadly fee, now you see and you were really with me  
Times we don't understand  
Do you need  
Feeling quiet you  
Now I yeah  
Soft quest I feel last my face

On the winter's day  
I feel last by loosely, shortly, quell, be  
It snows in heaven  
It snows in heaven too  
Time we don't understand  
Do you me need  
Feeling floast you  
Now I feeling  
Soft why flaze once last my face  
One day stay  
I feel your last laughly  
Shortly Lonely be  
It snows in heaven  
It snows in heaven too
