Oh my god you are a dangerous lover
Oh my god you are a dangerous lover
????????? You better run for cover
Oh my god you are a dangerous lover

Bang on the drum isn't loud enough to shake you
Friend you've been warned - you've been told from
behind the door
Scream, scream it loud - sing it out make your lover
proud
Scream, scream it loud...

Oh you were wrong to keep this king from his tower
Oh you were wrong to keep this king from his tower
Yeah ?????? you better run for cover
Oh you were wrong to keep this king from his tower

Bang on the drum isn't loud enough to shake you
Friend you've been warned - you've been told from
behind the door
Scream, scream it loud - sing it out make your lover
proud
Scream, scream it loud...

Bang on the drum isn't loud enough to shake you
Friend you've been warned - you've been told from
behind the door
Scream, scream it loud - sing it out make your lover
proud
Scream, scream it loud...

Bang on the drum isn't loud enough to shake you
Friend you've been warned - you've been told from
behind the door
Scream, scream it loud - sing it out make your lover
proud
Scream, scream it loud...
