White-collared killer
Pray by day - fuck the dead by night
Preach the book - brainwash the sheep
Kills as he shrieks with delight
A tendency for the younger ones
Little boys so unaware
Exploring orafices with unholy lust
Alive then dead, the molestation continues

Screaming boys crapping

Pimpled tongue lapping
Kidnap and sodomy
Necroproctology

Maim rape kill rape maim rape

Grabbing the head of the blue child
He makes it suck his cock
Blowing his wad - blowing his mind
Blowing the corpses time after time

Arms and legs cut off
Torso raped vigorously
Shit-encrusted ass
Dead for his pleasure
Hacksawing flesh
Dissecting his victims

Spilling out organs - making love to innards

Holy holes not holy anymore
Sanctuary for his cock - his whore
Gritty road to anal heaven
Shitty balls, he was only eleven
Veil of god to conceal his deeds
Missing-list grows, he fulfills his needs
