Tortured moans of agony I love to hear your feeble cries Begging to be put to death Extremely slow and cruel demise Teeth pulled slowly one by one Mangled jaws, Bloody gums My love grows each time you bleed The mutilation has just begun Eyeballs sliced along the lids Fluids running down your face Try to scream through shredded lips Your severed tongue I now shall taste Slash your bowels and rip your throat Tear your stomach open wide Fuck the gash I cum for you Semen blends with blood inside
