You changed my world with a blink of an eye,
That's something that I won't deny.
You made me smile when I was sad and made me realize
what was good from what was bad.

We've had a lot of fun I won't forget that
we've learnt a lot together,
We've done a lot of things,
We'll do them all over again

This magical feeling you're giving me
Makes me want to be with you endlessly

So listen up:
It's you I trust and I feel your magic right inside my heart
I miss your presence when we're far apart
To you babe I make my declaration of love
For all the good times we've had and all the one's we'll have

Even though I'm strange
You don't, want me to change
You accept me as I am, and I want it to stay that way, forever.
You're the only girl for me, you will always be, forever and ever

This magical feeling you're giving me
Makes me want to be with you endlessly

So listen up:
It's you I trust and I feel your magic right inside my heart
I miss your presence when we're far apart
To you babe I make my declaration of love
For all the good times we've had and all the one's we'll have

oooooooo oooooo
oooooooo oooooo
oooooooo oooooo
oooooooo oooooo

To you babe I make my declaration of love,
For all the good times we've had and all the ones we'll have.
