Hope that you can understand me

You can't say that I didn't try

Hold your body next to mine

Don't wait another night

It's too late to say "I'm sorry"

I can't turn back my hands of time

After all is said and done

I need your love tonight

Everyone is looking for something

And I'll always be at your side

Let me feel your arms around me

There are some things money can't buy

Coro: you are the one

The one I want

I will love you more than ever

Over and done

Don't wanna be alone tonight

Stay with me

You are the one

The only one

And I need you more than ever

Don't make me cry

I'm not lying but love will save the day

Stay with me

You are the one

I don't need to say "I love you"

Close your eyes and think of me

I've been waiting for so long

Your love is all I need

Everyone is looking for something

And I'll always be at your side

Let me feel your arms around me

You and you alone must decide

Segundo Coro: you are the one

The one I want

I will love you more than ever

Over and done

Don't wanna be alone to night

Stay with me

You are the one

The only one

And I need you more than ever

Don't make me cry

I'm not lying but love will save the day

Stay with me

You the one
